

AI LITERACY *Week*

Research & Digital Citizenship
in a Changing World

The Stacks | October 7-11 | 1-2pm

Join us for a week of seminars, demonstrations, and human vs AI battles where we critically explore the uses, possibilities, and false promises of generative AI.

Monday

The Promises and Pitfalls of Artificial Intelligence

With Brent Harrison, Professor
of Computer Science

Tuesday

Getting Started with AI at UK

With the Center for Applied
Artificial Intelligence

Wednesday

AI Literacy and Research

Thursday

ChatGPT as Research Assistant?

Friday

Beyond the Hype Cycle

With the Center for Excellence
in Learning and Teaching

Registration required.
