

Ask for the ASK

The Addiction Specialists of Kentucky Council

◆ Why ASK?

The Council meets with research groups to offer translational advice, real-world or practice-based professional perspectives on study development & design, recruitment &/or dissemination plans, other quality improvement or implementation ideas, or plans to address a public service need or advocacy goals.

Gain access to a diverse group of health service professionals throughout Kentucky's rural areas and urban centers with a breadth of experience working with persons who use drugs.

◆ Who is the ASK?

- medical directors and physicians from primary care and psychiatry with addiction specialty
- recovery coaches, peer support program leaders and bridge clinic administrators, and community health syringe service professionals
- former county mental health court and others with expertise on substance use policy

~many bring their own lived experience~

◆ How do I ask for the ASK?

Researchers are encouraged to apply to visit an upcoming ASK Council meeting!

The Council is FREE and meets quarterly
