

# CAMBRIDGE AREA RESIDENTS: WE NEED YOUR HELP!

## EAST PALESTINE TRAIN DERAILMENT HEALTH RESEARCH PROGRAM

- The Cambridge, Ohio area is the comparison community for East Palestine, Ohio and the surrounding areas.
- Cambridge area residents are the comparison community because they are similar to East Palestine residents but did not directly experience the train derailment.
- The role of Cambridge residents is very important to our understanding the potential health impacts from the disaster.
- By participating, you help us determine whether any health changes are related to the derailment disaster.
- **Open to all community members:**
  - From Cambridge and the surrounding areas
  - 8 years and older
